Additional Thoughts from Saint Teresa of Calcutta:

“By abortion the mother kills even her own child to solve her problems. And, by abortion, the father is told that he does not have to take responsibility at all for the child he has brought into this world. That father is likely to put other women into the same trouble. So abortion leads to abortion. Any country that accepts abortion is not teaching its people to love but to use violence to get what they want. This is why the greatest destroyer of love and peace is abortion.”
